UPDATE as of 10.18.24: All funding allocated for these programs has been committed, and we are no longer able to approve any additional subsidized interns at this time. If you are interested, we can place your organization on a waiting list should additional funds become available. We are closely monitoring incoming reimbursement requests from organizations that hosted interns in the summer/fall to determine the amount of funding not used. These excess funds will then be used to reimburse organizations on the waitlist. You are welcome to still hire interns with the understanding that the internships may not be subsidized by MLSC.

2025-26 Internship Company Application **1**

*This application is for internships taking place during the period **May 1, 2025 - April 30, 2026.***

This program connects employers with students and recent graduates considering career opportunities in the life sciences, and enables small organizations (100 or fewer employees) and research institutions to hire paid interns by reimbursing them for wages of up to \$9,600 (based on \$20/hour for 12 weeks/480 hours) for each college intern and up to \$4,080 (based on \$17/hour for 6 weeks/240 hours) for each high school intern. This application also provides access to the Data Science Internship Program, which subsidizes advanced data science internships for Bachelor's, Master's, and Doctoral levels at \$20, \$25, and \$30 per hour respectively for up to 4 months (640 hours). Data Science Internship positions and interns require MLSC pre-approval. Please ensure that all interns are selected in this application (and confirmed as "Hired") prior to their actual start date and that the Agreement is signed and uploaded soon after. There is no application deadline since placements are rolling, though **funding is only available to employers on a first-come first-served basis**. All applications for this round will expire at the end of the Program Year.

9. Complete the Eligibility Questionnaire. Select **"N/A (Research Institution)"** on question 3 and click on **"Submit"**.

New Eligibility Questionnaire  

Host organizations are required to apply each Program Year. To be eligible for reimbursement, organizations must meet the following requirements:

1. Must be located in Massachusetts and internship(s) must take place in Massachusetts. Companies are required to be registered to do business in Massachusetts and must submit Certificates of Good Standing from both the MA Department of Revenue and the MA Secretary of the Commonwealth (research institutions and other non-profit organizations are not). All organizations will need to provide MLSC with a signed copy of their Form W-9.
2. Must be small businesses (100 or fewer employees in MA and no more than 250 employees worldwide) in order to qualify for reimbursement. This requirement is not applicable to research institutions.
3. Must be a "life sciences" organization that provides services to the life sciences industry. "Life sciences" is defined as: "advanced and applied sciences that expand the understanding of human physiology and have the potential to lead to medical advances or therapeutic applications," – Massachusetts General Laws (MGL), ch. 231, sec. 2.

Please answer the following questions truthfully to determine if your organization is eligible for this program.

Is your organization located in Massachusetts AND will the internship(s) take place in Massachusetts? Interns can work remotely for some but not all of the internship.

Specific Prohibited Uses

The Internship application database may be used only for lawful purposes by individuals representing organizations authorized by the Massachusetts Life Sciences Center (MLSC) to review applications submitted by internship candidates. MLSC specifically prohibits any other use of the Internship database, and all users agree not to do any of the following: (a) post internships, jobs or content on any MLSC site that contain hyperlinks, hidden keywords or keywords that are irrelevant to the internship or are otherwise misleading; (b) post internships or jobs that do not relate to life sciences; (c) use the MLSC Internship database and website for any purpose other than as a life sciences employer seeking interns, including but not limited to using the information in the MLSC database to sell or promote any products or services; or (d) post any materials that are implicitly or explicitly offensive, such as content that engages in, endorses or promotes racism, bigotry, discrimination, hatred or physical harm of any kind against any group or individual.

Host Organizations

MLSC does not represent or guarantee the truthfulness, accuracy, or reliability of applications posted by students. You, as a prospective host organization, acknowledge that any reliance on material posted by student applicants will be at your own risk.

MLSC's Liability

The Internship database acts as a venue for intern candidates to submit information for possible matches with life sciences employers. MLSC does not screen or censor the listings, including resumes and cover letters posted. MLSC is not involved in the actual transaction between employers and candidates. As a result, MLSC has no control over the quality truth or accuracy of the resumes posted, the ability of prospective employers to offer internship opportunities to candidates or the ability of candidates to fill internship openings and MLSC makes no representations about any internships or resumes on the Internship database website. While MLSC reserves the right in its sole discretion to remove applications, resumes or other material from the Internship database from time to time, MLSC does not assume any obligation to do so and disclaims any liability for failing to take any such action. MLSC is not to be considered to be an employer with respect to a student's or a host organization's use of any MLSC website and MLSC shall not be responsible for any decisions, for whatever reason, made by any host organization desiring to mentor an intern whose application is posted on the MLSC's website. MLSC cannot guarantee and does not promise any specific results from use of the Internship database or any MLSC website. No advice or information, whether oral or written, obtained by a student or host organization from MLSC or through or from the Internship database or any other MLSC site shall create any implied or express warranty. In no event shall MLSC be liable for any damages whatsoever resulting from the use of this site, or for any harm to interns resulting from posting information on the MLSC's site or from participating in the MLSC's Internship program, or to host institutions from reviewing applicant information or hosting an intern as part of the MLSC's Internship program.
