Project Information

Name of Project

Amount of MLSC Funding Requested

Total Project Cost

Project Narrative

Elevator Pitch

Provide a short summary (no more than 5 sentences) to describe your project, its value proposition to the Applicant institution and to the broader life sciences community, and how the MLSC funding would leverage something that otherwise would not happen.

Please describe the capability of the team to execute on, and sustain, the project.

The recommended number of words is 250 words.

Who will maintain, schedule, and manage the equipment?

The recommended number of words is 250 words.

What is the capacity of the project to create and/or retain jobs in Massachusetts?

The recommended number of words is 250 words.

When would the equipment be up and running for use?

The recommended number of words is 250 words.

CV/NIH Biosketch Upload

Please upload a single PDF that includes a **2 page CV/NIH Biosketch** per team member that will be running the facility (3 max). Please note that the maximum application length should be 45 pages.

Please indicate if this proposal is for a research institution/academic medical center or a incubator/accelerator.

Research Institution or Academic Medical Center

What is the potential for investment to enable scientific advances and accelerate effective treatment?

The recommended number of words is 250 words.

What is the potential to fill a gap or accelerate growth, in the ecosystem? Please note if the requested equipment is already available in the ecosystem.

The recommended number of words is 250 words.

How will the equipment be shared? Marketed? Are there any IP restrictions?

The recommended number of words is 250 words.

What is the business model? How will you ensure quality and continued success?

The recommended number of words is 250 words.

What is the potential to contribute to workforce development through training and/or the creation of jobs?

The recommended number of words is 250 words.

Breakdown of Expenditures Upload

In a new tab, download and complete the MLSC Budget Form provided showing the **detailed** breakdown of expenditures for MLSC funds. Include vendor quotations of capital equipment over $100K. Please include only the page that shows the cost of the item, not the entire document.
As a reminder, total application length should be no more than 45 pages.

Breakdown of Expenditures Upload Academic Partners

In a new tab, download and complete the Partner Budget Form provided showing the **detailed** breakdown of expenditures for funds to be cost shared by the Academic Partners. As a reminder, total application length should be no more than 45 pages.

Breakdown of Expenditures Upload Industry Partners

In a new tab, download and complete the Partner Budget Form provided showing the **detailed** breakdown of expenditures for funds to be cost shared by the Industry partners. As a reminder, total application length should be no more than 45 pages.

Letters of Commitment from Funding Sources

Please upload letters of commitment from funding sources. Please note that the maximum application length should be 45 pages.

Letters of Interest from Academic Researchers

Provide a letter of support from senior leadership describing the importance/need of the proposed projects to the institution and its commitment to ensuring success. (This field may not be relevant for all incubator/accelerator applicants).

Additionally, please upload letters of interest from (at least) **three academic researchers** with a brief (3 sentence) description of a potential project using the equipment requested. Internal and external academic partners should be included. Please note that the maximum application length should be 45 pages.

Letters of Interest from Industry Partners

Please upload letters of interest from (at least) **three industry partners** with a brief (3 sentence) description of a potential project using the equipment/space requested. Please note that the maximum application length should be 45 pages.

Value to the Community

This section should address, with specificity, how this project will benefit the larger community beyond the interests of the Applicant institution and its formal partners. For example: how would the creation of a new imaging center enable greater patient access to preventive care?

Project Outcomes and Impact

What does "success" look like and how will it be measured?

Signature

Authorized Representative

I verify that I am a senior leader of the organization (President, CEO, Executive Director, etc.) and that I am authorized to submit this application on behalf of my organization. I certify that the information submitted as part of this application is correct and that the statements made herein, including the attached project summary, are true and correct to the best of my knowledge. Please type your full name and title below, which shall constitute your electronic signature of this application.

UPLOAD FIELDS RESEARCH INFRASTRUCTURE PROGRAM

Note: Uploaded documents must be in .pdf file format.

- **CIV/NIH Biosketch Upload-** Please upload a single PDF that includes a 2 page CV/NIH Biosketch per team member that will be running the facility (3 max).

- **Breakdown of Expenditures Upload-** In a new tab, download and complete the MLSC Budget Form provided showing the detailed breakdown of expenditures for MLSC funds. Include vendor quotations of capital equipment over $100K. Please include only the page that shows the cost of the item, not the entire document.

- **Breakdown of Expenditures Upload Academic Partners-** In a new tab, download and complete the Partner Budget Form provided showing the detailed breakdown of expenditures for funds to be cost shared by the Academic Partners.

- **Breakdown of Expenditures Upload Industry Partners-** In a new tab, download and complete the Partner Budget Form provided showing the detailed breakdown of expenditures for funds to be cost shared by the Industry partners.

- **Letter of Commitment from Funding Sources-** Please upload letters of commitment from funding sources

- **Letters of Interest from Academic Researchers-** Provide a letter of support from senior leadership describing the importance/need of the proposed projects to the institution and its commitment to ensuring success. (This field may not be relevant for all incubator/accelerator applicants). Additionally, please upload letters of interest from (at least) three academic researchers with a brief (3 sentence) description of a potential project using the equipment requested. Internal and external academic partners should be included. Please note that the maximum application length should be 45 pages.

- **Letter of Interest from Industry Partners-** Please upload letters of interest from (at least) three industry partners with a brief (3 sentence) description of a potential project using the equipment/space requested.

Project Budget Form

Please indicate which cost share partner is represented by this form. If there are multiple academic or industry partners, please use one sheet to represent all academic partners and all industry partners.

☐Academic Cost Share
☐Industry Cost Share
